

WORKING MANS SHOES

Hard hard working man
Hard hard working man

My mother is sick
I got dependents
Wife gone away
Leaving me the children

I'm so tired
I get up before sunrise
Every workin' day for the rest of my life
Working at a job, that I don't like
Guess I'd better get myself to work.

I get home
Way past dark
Try to find time for the kids
I drink a couple shots

Crawl to my bed
Sometimes dream
Mostly dream about work
Work that never ends

I'm so tired
I get up before sunrise
Every workin' day for the rest of my life
Workin for a boss, that I hate.
Guess I'd better get myself to work.

Once in a while
I dream about a beach
Where the sun shines.

Hard hard working man
Got working mans shoes
Hard hard working man
Got the working man blues
