1 2 3 4 5 5 6,

My whole lifetime, I been sick
Waiting around for something
Ending up with nothing

Always been here before
So many lifetimes ago
Runaway slaves, Huck and Jim
Connected, once again

Things I seen, I'll never tell
Now I've done my time in hell
Lost at sea, crossed the desert
Now I'm knocking on the gates of heaven

Always been here before
So many lifetimes before
Runaway Slaves, Huck and Jim
Connected, under the skin

Got plugged in, soul to soul
My stories told, blood runs cold
Ripped the lid right off the box
Your love rolls, my heart rocks
Always been here before ...
